Caring Futures

A community of sharing & strength

Introducing Caring Conversations

UPCOMING
WEBINAR

Caring Conversations are for parents and family caregivers of adults with disabilities. We will discuss topics specific to being a caregiver, and our host and expert guests will provide you with insights, tips, and shared experiences.

Please join us tomorrow Thursday, November 16 at 11:00 a.m. for our first conversation -- ***Difficult Dialogues Within Families: How can we open up with each other to best support our family member with a disability?***

Parent-educator Felisa Strickland will chat with special guest **Dr. Katie Arnold**, Research Assistant Professor, Institute on Disability and Human Development at the University of Illinois Chicago, and most importantly, a parent and sibling to a family

member with disabilities.

We hope you'll join us on Zoom for this important conversation, which will include an opportunity to ask Dr. Arnold your questions.

Note: American Sign Language and Spanish Interpreters Available.
